HOBBIES & INTERESTS

- Travelling
- Photography
- Touring
- Golf

SKILLS

- General Insurance (CGI)
- Marketing
- Risk Management

EDUCATION

Naval Architecture '15-'19

Faculty of Marine Technology
Institut Teknologi Sepuluh Nopember
Surabaya

GPA : 3.41 of 4.00

Graduation : September 2019

Bachelor's Thesis:

Planning and Implementation Study of ≤ 200 GT Traditional Fishing Ship Insurance

Analyzed the risk management process for the operation of traditional fishing ships and insurance systems for traditional fishing ships. Carried out risk identification, risk assessment, and risk mapping in the Juwana Area, Central Java. Recommendations were then made to mitigate the risks. Created a system for fishing ship acceptance which included determining conditions, clauses, and calculating fish boat premiums based on loss records at PT. Asuransi Tri Pakarta.

RELATED EXPERIENCE

Officer Development Program 08/20 – NOW
